# THE Physician's Leisure Library.

 HIS SERIES, which is now in its sixth year of publication, has been universally commended by the medical press and profession. Its sale has been phenomenal, and has encouraged the publisher to continue its publication. It represents a new era in the publication of medical books. Many of the large treatises published, which sell for four or five or more dollars, contain much irrelevant matter of no practical value to the physician, and their high price makes it often impossible for the average practitioner to purchase anything like a complete library.

In the belief that these short practical treatises, prepared by well known authors, containing the gist of what they had to say regarding the treatment of diseases commonly met with, and of which they had made a special study, sold at a small price, would be welcomed by the majority of the profession, this form of publication was undertaken, and the publisher will continue to issue in it books by eminent authors of this country and Europe, covering the best modern treatment of prevalent diseases.

The books are amply illustrated, and issued in attractive form in durable paper covers at 25 cents, and in cloth at 50 cents per copy; complete series of twelve books in sets, at \$2.50 in paper, \$5.00 in cloth, postage prepaid.

The first five series are issued; the sixth will appear one each month during 1892.

# BOOKS BY LEADING AUTHORS.

## TABLES FOR DOCTOR AND DRUGGIST .....\$2.00

By Eli H. Long, M.D.

Comprising Tables of Solubilities, Reactions, and Incompatibles, Doses and Uses of Medicines, Specific Gravity, Poisons and Antidotes.

The present age demands of the doctor and druggist that they shall prescribe and dispense drugs not in nauseous, incompatible mixtures, but in palatable form, with due regard for the æsthetic feature of their art, that the compound may offend neither the sense of taste or sight.

One day's use of this work will, we believe, repay doctors and druggists for its price; and students will find in it, in predigested and readily assimilable form, pabulum which they might search many text books for in vain.

## SEXUAL IMPOTENCE IN MALE AND FEMALE (Third Edition) .....\$3.00

By Wm. A. Hammond, M.D.

Probably more unhappiness is caused by Sexual Impotence than by any other disease that affects mankind. Dr. Hammond discusses Causes, Symptoms and Treatment under the headings of Absence of Sexual Desire, Absence of the Power of Erection and of Intromission, Absence of Power of Ejaculating the Seminal Fluid into the Vagina, Absence of the Liability to Experience Pleasure during the Act of Copulation and during the Emission of the Semen.

## CLINICAL THERAPEUTICS .....\$4.00

By Dujardin-Beaumetz, M.D.,

Dujardin-Beaumetz is easily chief in the field of original therapeutic research, and in fertility of therapeutic suggestion. This treatise of 491 pages comprises his lectures on the Treatment of Nervous Diseases, General Diseases and Fevers.

## PHYSICIANS' PERFECT VISITING LIST .....\$1.50

By G. Archie Stockwell, M.D.

Physicians are generally admitted to be exceedingly poor financiers. There is probably no class of men who realize so little financially from their labors. One cause of this is negligence in keeping an account of their work. This call or visiting list has been constructed to enable physicians more easily to keep an accurate record of their services. It is arranged for perpetual use, and every physician should avail himself of this ready and simple method of keeping his accounts on a business basis.

## PALATABLE PRESCRIBING (Third Edition) .....\$1.00

By B. W. Palmer, A.M., M.D.

This book contains over 600 favorite formulas of the most eminent medical authorities, culled from their published writings and private records, and embraces a resumé of the most eligible preparations for the administration of the more recent additions to the materia medica.

## A NEW TREATMENT OF CHRONIC METRITIS......50
